

**Research Afternoon - Winning Presentations by Julie Lin and Aaron Weimann!
 Congratulations to Julie Lin (Best Poster) and Aaron Weimann (Best Blitz talk)!**

Well-deserved prizes went to Julie Lin (right) for her poster describing the work she is undertaking for her PhD – ‘Comparison of cone-beam (CB) and fan-beam (FB) computed tomography and low-field magnetic resonance imaging (MRI) in identification of heterotopic mineralisation and adjacent pathology’

...and Aaron Weimann (left) for his Blitz talk: ‘Emergence and pathoadaptation of epidemic *Pseudomonas aeruginosa*’.

Well done to them both for their excellent presentations at the Research Afternoon last week and a huge thank you to all the presenters who contributed to make this such an interesting afternoon.
